Cholera Makes Its Appearance at
Alcort, Spain.
Increase of Its Virulence in Italy—
The People in a Panic—Appro-
priations at Rome—Foreign
Notes.
MADRID, Sept. 3.—Cholera has undoubtedly
appeared in the city and province of Al-
cort. It was brought here by a family
from Cete, France, which reached Alcort
by way of Algeria. The whole quarantine,
to which it was subjected, proves to have
been an insufficient safeguard. The plague
struck the city of Alcort, itself, while at
Alcort, a railway train a few miles
west, sixteen persons have been attacked
with the disease, and five of them have died.
A sanitary cordon was promptly drawn
around the town. At Alcort, two suspected
cases of cholera have appeared, and two li-
vies at Alcort. All the other provinces of
Spain will maintain a quarantine of ten days
against Alcort. Much alarm prevails in
Madrid, and 100 passengers, who arrived by
train Monday from Alcort, are now quar-
antined at a village near the capital.
The Official Gazette declares that the
cholera now raging in Alcort is of the Asiatic
type. Six deaths occurred in that province on
Tuesday. This and cabinet ministers will return to
Madrid at once.

Feeling at Rome.
ROME, Sept. 3.—Ninety-three cases of
cholera have thus far been reported at Na-
ples, forty-two of which have been fatal. A
panic is imminent here and but one fatal
case is necessary to precipitate it. Members
of the ministry who have been absent from
the city, and are now hastening home to
consult and adopt some means of averting
the impending calamity.
Exclusive of Naples, forty-three deaths
from cholera occurred in Italy, Tuesday.

Increasing at Naples.
NAPLES, Sept. 3.—There was a sudden and
remarkable increase in the number of cholera
cases reported at Naples, Tuesday. The cases
were reported, one-half of which proved fatal.
This great increase is attributed to the exaspe-
ration in which people indulged on Sunday, which
was a great feat day. The archbishop is
maintaining great zeal and devotion in his
unwavering efforts to relieve the suffering. A ver-
itable panic prevails, and disturbances among
the populace in the quarter about the market-
place where the epidemic is most virulent are
frequent. Hundreds of people are fleeing to
France.

News from China.
LONDON, Sept. 3.—Dispatches from Foo
Chow state that the Chinese are repairing
the forts that were damaged by the French
bombardment.
The sailors of the British and American
vessels at Foo Chow are acting in the cap-
acity of police and maintaining excellent or-
der.
The sale of the Chinese merchant fleet to
Russia & Co., of New York, is considered a
clever ruse to save the vessels from the French.

Thinks Enough Has Been Conceded.
DUBLIN, Sept. 3.—Earl Spencer, in a
speech at Kilkenny, Tuesday night, said that
he did not believe the statement that greater
changes in the relationship of landlord and
tenant in Ireland are yet to come. He
thought it essential that Irishmen should not
be deluded into thinking that they will get
more advantages than enough has been
made already, in all conscience.

The French Left's Demands.
PARIS, Sept. 3.—Members of the extreme
left have taken the following resolutions: That
France is engaged in hostilities with a formal
declaration of war. Money has been spent
before being authorized by a vote of credit,
and personal property has been confiscated and
seized. Acting under a republic, they demand
a meeting of the chambers.

Temper Beats Homer.
BOSTON, Sept. 3.—The handicap boat race
between George Hosmer of Boston and John
Temper of Gloucester, Pa., was rowed Tues-
day afternoon at Haggatt's Pond. The
course was three miles with three turns.
Hosmer was to have five seconds start and
the winner to take two-thirds of the prize.
The start was made at about 6 p. m.
Hosmer gained two boat lengths by his
five seconds start and rowed thirty-two to
the minute. Temper rowed a long sweeping
stroke of thirty and kept his opponent
before the first turn, passed him at the end
of the second mile and won easily by half a
boat length. Temper's time was 20 minutes
40 seconds. The attendance was 3,000.

St. Louis Races.
ST. LOUIS, Sept. 3.—There was a small at-
tendance at the track Tuesday afternoon.
First race, 5 furlongs; Norm, M. won; McElroy,
second; Verner, third; time, 1:13.
Second race, 1 mile; Laura, 2d; Verner, 3d;
time, 1:07. Third race, 1 mile; Laura, 2d;
Verner, 3d; time, 1:07. Fourth race, 1 mile;

Sixth race, 1 mile; Laura, 2d; Verner, 3d;
time, 1:07. Seventh race, 1 mile; Laura, 2d;
Verner, 3d; time, 1:07. Eighth race, 1 mile;

Oklahoma Payno's Case.
WASHINGTON CITY, Sept. 3.—Mr. J. A.
Smith, counsel for Payno and the other Okla-
homa invaders, has filed with the attorney
general a statement that the Indian territory
invaders were improperly taken 300 miles to
the west for a single night, and that they
were not properly compensated for the journey,
and that they have been prevented from pro-
cessing writs of habeas corpus, and are improperly
imprisoned and deprived of their legal rights.

War on the Rail.
NEW YORK, Sept. 3.—The long-theatrical
railroad war has broken out, and how long it
will last is problematical. The extra tickets
can be obtained, however, with the excep-
tion of the Wash. and Pot. at which the ex-
tra ticket is sold at 50 cents. The Erie and
Grand Trunk have declared hostilities,
and first-class tickets are sold to Chicago
for \$14, and to St. Louis for \$17.

"Ho Left."
NASHVILLE, Tenn., Sept. 3.—It is reported
that an Evansville, Ind., detective, who
went to Louisville to arrest the murderer
of the two Alabama soldiers, was arrested by
a party masked man and ordered to leave the
state. He left.

The Taltapoon.
BOSTON, Sept. 3.—The contract for the
raising of the United States steamer Taltapoon,
sunk in Vineyard Sound, has been awarded to
the Merritt Wrecking organization,
of New York. She is to be delivered at
Brooklyn for \$33,000.

A Challenge from Hazzel.
NEW YORK, Sept. 3.—George Hazzel, the
celebrated physician, has issued a challenge to
run with him, or any man in America, a
twenty-mile race.

"Modern Advancement."
Our attention has been lately drawn,
by personal experience, to Dr. Bigelow's
Positive Cure for coughs, colds and con-
sumption, and all throat and lung dis-
eases. It is a scientific compound of rare
value, the production of the researches

rience. It is an unequalled modern
production.—Zerkow, Trial bottles free

THE TIES THAT BIND.

—The marriage of Mr. Henry B. Smith, Jr., of San Francisco, California, to Miss Mattie E. McKee, only daughter of the late M. F. McKee, took place at 12 o'clock to-day, at the residence of the bride's aunt, Mrs. Harriet McKee, on South Main street. The Rev. C. M. Pullen, rector of Christ church, performed the ceremony. The wedding was a private one, the only guests present being the relatives of the contracting parties, and a very few intimate friends of the bride.

The residence was most beautifully decorated, the display of flowers being exceedingly large and very handsome. The presents were many and costly, and came from friends in New York, Chicago, California, and some of the choicest came from the immediate friends of the bride who live in this city. Anderson's band was present, and after the ceremony, added to the common joy of the occasion, by discoursing some especially pleasing and appropriate music. The wedding breakfast, which was one of the most sumptuous ever given in Janesville, was served by the well-known Chicago caterer, Bolart.

The bride has spent all her life in Janesville, and by her many accomplishments and high qualities, both of heart and mind, she has won the deep respect of a large circle of warm friends. The groom is the Pacific coast agent for the Missouri Pacific railway company, and the Wabash, St. Louis, and Pacific railway, and of course occupies a high position in the railway circles of the Pacific coast. He is a young man of an exceedingly bright future, of excellent education, and of many integrity. The large number of friends of the bride in Janesville will most heartily wish her and her husband a long life of continued prosperity and untroubled happiness.

The happy couple started on the 2:30 train for the east, where they will visit for a short time, thence proceed to San Francisco, where their future home will be.

A single bottle of the new specific for rheumatism and neuralgia has been known to give more relief to the suffering victims than years of treatment with indifferent results. It is now on hand at the depot. When cases are removed the effect must disappear. Athletes who drive out the humors of the blood that bring on the agonies of the rheumatism, Mrs. T. B. Nell, of Oshkosh, Wis., writes: "I received and used your bottle and six bottles of Athletes. One bottle has relieved the pain."

The principal planetary disturbing positions for September are located about the 4th, the 10th, the 15th, 18th to 21st, and from 26 to the 30th.

The U. S. Signal Service will probably order-hosted the most justifiable cautionary marine signals for the following dates: perhaps about the 4th, the 10th and 15th; but the principal ones will be from the 18th to 21st, and 25th to 30th.

Opening the Fountains.

In numerous bulbs beneath the skin is secreted the liquid substance which gives the hair its texture, color and gloss. When this secretion stops, the hair begins at once to become dry, brittle, brittle and gray. Is that the condition of your hair? If so, apply Parker's Hair Balm at once. It will restore the color, give life and by renewing the action of nature. It is the best of all hair preparations, and is the best of all hair preparations, and is the best of all hair preparations.

So popular have Dr. Price's Special Flavoring Extracts become that but few households can be found where they are not used. Dr. Price's has succeeded in this important domestic necessity. His flavorings are peculiarly delicious, and so highly concentrated that it takes but a small quantity to impart the flavor or the fruit.

Peck's Bad boy again—Touze Family.

Mr. E. A. Comstock has drawn one-fifth of the second capital prize (\$24,000), in the July drawing of the Louisiana State Lottery, through the American Express. Peck's Boy called on Comstock, hard at work at the planning mill, 313 Cedar street, where he is a valuable employee. His number was 50,224. In the June drawing Mr. Philip J. Gruber, cashier for the institution Comstock works for, was the holder of one-fifth ticket No. 27,870, prize \$20,000, which he received promptly. Mr. Comstock also had an interest in this ticket of \$200. Last but not least, Mr. Comstock had another lucky ticket No. 51,833, which drew \$40. This notice is prompted as Mr. S. is known to us, and it substantiates the fact that the Louisiana State Lottery Co. is a straight institution, in which the good people of New Orleans take pride.—Milwaukee (Wis.) Peck's Boy, Aug. 2.

We understand that occasion seldom calls for such a proceeding in this state.

This morning he had his usual spell of coughing, and was so greatly prostrated in consequence, that death seemed imminent. We had in the house a bottle of DR. Wm. HALL'S BALM FOR THE LUNGS, purchased by my husband, who noticed your advertisement yesterday. We administered it, and instantly relieved."

MILTON JUNCTION.

—The caucus, Monday, selected delegates to the senatorial, superintendent and assembly conventions. The delegates from this town to the assembly convention are favorable to the nomination of J. C. Barthol.
—The masses are pushing the basement walls of Old Fellows hall.
—Mr. Butts is well along with his new building.
—Six new dwelling houses and three new business buildings have been built or are in process of erection, since the season opened. A good showing for a small village.
—Der Ward, of the S. D. B. church, attended quarterly meeting at Walworth over the Sabbath. Elder Bond occupied his pulpit.
—The ladies society of the Methodist church held their weekly meeting at the residence of Mrs. Spooner.
—Cal. Hull, Fred Clarke and Will Dodd, went to Michigan, Tuesday, where they expect to kill a few deer and catch a few barrels (more or less) of fish.

ROCKFORD GROVE.

—We have heard rumors of a certain hired girl who thought the hired man was about to leave her, and was going to wash his overalls, jacket, etc., she was naturally anxious to perform a first class job. She had seen her mistress use salt in the water to prevent the colors from running, and, well, it salt is good for the proper place, to use it and use it liberally. After finishing her articles she hung them on the line to dry until morning. But this life is full of disappointments, and upon going to the line the next morning the clothing had entirely disappeared. An investigation followed which resulted in finding that the cow had reached herself on what she no doubt considered a sumptuous repast, and not a stitch remained. We will not vouch for the buttons however.
—If you want cows to eat dry grass, ready made clothing and "rich" potato salt.
—School commences on the 8th.
—Miss Mary A. Onckow who has been spending her vacation at home left for Chicago last week to resume her labors in teaching at Evanston.
—Miss Addie Irish and her two brothers left for Dakota a few days since where they intend to make a home.
—The infant child of E. Heller has been dangerously sick for a few days, but is now recovering slowly.
—Best granulated sugar, 15 pounds for \$1.00 at Hastings.

—The harvest festival at the M. E. church, though not very largely attended, was a success. The decorations at the church were of a unique character and had an attractive appearance. The ladies of the church provided supper for the company present, which, with music and recitations by the choir and friends, added to the enjoyment of the evening. Proceeds, over \$17.
—A harvest thanksgiving service was held in the M. E. church last Sabbath, and a collection made on behalf of missions.
—Rev. T. D. Osburn and A. E. Joiner are attending the state prohibition convention in Madison this week.
—A very handsome and durable family monument has been recently erected by the remains of Mr. and Mrs. Eber Child, in the grove cemetery. It consists of three vases, a die, cap and spire of Rockland granite. It is the work of Hansen & Co., of Chicago, the same parties that put up the Earl monument.
—A horse belonging to Andrew Weedy fell through the side of the plow and was owned by John Cummings near the bridge. After remaining in its damp quarters all night the animal was rescued the next morning with some difficulty. The horse was not injured in the least by the accident. The animal is old and worthless.

—A. D. Barless and wife took their departure for Dakota on Tuesday last. They have purchased a claim near Frankfort and ship all the articles necessary to establish a home at once. Sorry to lose them and our best wishes for their prosperity and happiness.

Fairfield.

—Behold! he that was dead is alive again.
—Good corn weather, and the farmers are happy. A continuation of this weather for two or three weeks, and the corn in this vicinity will be out of the way for a few days.
—Another howl is wafted through our village—this time it was the dog, that got hurt.
—Mr. and Mrs. C. A. Rice, of North Johnston, were guests at the "hotel de la Saison" last Sunday. Mrs. Rice, formerly Miss Flora Saxo, taught in this vicinity some two years, and the many friends which she made during her sojourn in their midst unite in wishing her and her husband a happy future.
—Weddings and marriages of the week, and still the world moves.
—The "normalists" of Whitewater returned to their studies at that institution last week. The Milton college students went back yesterday. They all unite in pronouncing their vacation a pleasant one.
